LHD USS New York Gym Equipment Project

Glenn Sadowski and Drew McFadden thought that we should do something directly for the ship-board troops. Glenn suggested supplying the gym with some

quality workout equipment. We decided on a Bowflex because it offers so many different exercises, but were concerned with its size - it's pretty big. We were able to contact the San Antonio, the sister ship, and they told us the Bowflex will fit perfectly in the gym. Now we need to raise **\$2,500** to get them a top of the line unit that will be used by the Marines and the sailors aboard the USS New York. We hope you all share our excitement about providing this first class equipment to help our Marines stay in shape as they deploy into harm's way.

Drew McFadden

Sr. Vice Cmdt **Drew McFadden** and **LtCol Glenn Sadowski USMCR** are spearheading this project to supply a "Bowflex" for the ship's workout area.
